OUR OWN COMPANY: THE BALL BOYS

SWOT ANALYSIS

STRENGTHS • Easily findable product • Easily findable customers • It cleans up the environment • Low cost to produce	WEAKNESSES • Labor intensive • Not consistent • Not all materials found are usable • Have to learn how to refurbish
OPPORTUNITIES • No significant competitors • Spreads awareness of mission • Can create long-term customers through creating sports interest	THREATS • People not trusting the quality of our product • Possibility to run out of supply quickly • People see “used” and aren’t interested

COMPETITOR ONE : TWO GUYS WITH BALLS

SWOT ANALYSIS

STRENGTHS • Highly trusted company • Dozens of reviews • Donations to charity golf • Military discount • Affordable options for customers	WEAKNESSES • Balls performance degradation • Quality inconsistency • Variety of sources
OPPORTUNITIES • High Trust = Returning Customers • Easy purchasing for different leagues • Family run business	THREATS • Doesn't cover many demographics • Source Variety for product can send away customers

COMPETITOR TWO:PLAY IT AGAIN SPORTS

SWOT ANALYSIS

STRENGTHS • Established and trusted brand • Wide variety of sports equipment • Loyal customer • Brand variety	WEAKNESSES • In-person stores get messy (unattractive to customers) • Inconsistency in product quality
OPPORTUNITIES • More people care about recycling and saving money • Chance to expand sales online • Better advertisements • Can partner with schools and sports leagues	THREATS • Poor economy = higher prices • Depends on people trading in items • Not as appealing to upper-class customers • Not everyone wants used items

OUR REFLECTION

STEP 1:

More research is needed to conclude sufficient evidence on the consumers wants.

STEP 2:

Find ways to include more demographics of consumers within our company.

STEP 3:

Find cheaper and more efficient ways to package our merchandise.
